# EDUCATIONAL PROGRAM

The ISF Academy is the educational center of the International School Sport Federation delivering online and onsite capacity-building activities for teachers, school sports representatives, coaches, officials, and students around the world. It aims to recognize and or to upgrade the knowledge and skills of any of these stakeholders involved or planning to be involved in national, continental, or international sports, educational networks, institutions, events, or organisation.

The mission of this body is to design and deliver short-, mid-, and long-term quality education and capacity-building activities for students, physical education teachers, national school sport representatives, coaches and officials around the world. These educational programmes will be held online on the ISF Academy platform prior to the events and particularly during the organisation of ISF events on-site, after the competition hours.

Therefore, before and during this international ISF event, heads of delegation, coaches, referees, international school athletes, and local school students will have the opportunity to take part in various interactive educational activities on different topics.

# EDUCATIONAL PROGRAM

## Head of Delegation & Coaches Webinar

Prior to the ISF WSC Volleyball 2025, the ISF Academy conducted an **online education programme for Heads of Delegation and Coaches**. The programme was designed to **strengthen participants' capacity to fulfil their responsibilities within an ISF event and to ensure that student-athletes are supported safely and effectively**. Participation in this programme was mandatory for all Heads of Delegation and Coaches.

This online education served as **the first official communication channel between the ISF, LOC, and delegations**, successfully delivering essential information on event structure, safeguarding, anti-doping, and safety regulations. With the participation of around 85 Heads of Delegation and Coaches, the programme contributed significantly to strengthening preparation and ensuring a safe and well-organised event.

The online education covered the following key topics:

1. ISF and International School Sport Structure
2. Organising Committee and Event Operations
3. Safeguarding Children in Sport
4. Anti-Doping Prevention

### Certification and Platform Access

- All educational content and recordings are available on the ISF Academy online platform
- Participants must complete the post-session assessments to receive a certificate
- A minimum score of 50% on each assessment is required for certification

### NOTE

- You will receive information on how to access the platform through the email you registered in Eras. If you do not receive it, please join the course through this **website**.

# EDUCATIONAL PROGRAM

## Athletes Workshop

During the competition, the ISF organized an educational workshop that left a lasting impression on participants for 5 days. The workshop covered three key topics: **Safeguarding Children in Sport**, **Doping Prevention in Sport**.

Participants engaged in insightful sessions and discussions, including interactive quizzes and practical activities, gaining valuable lessons to ensure the safety, well-being, and fair participation of all athletes.

Through these enriching and meaningful workshops, the ISF reaffirmed its commitment to fostering a positive and ethical sporting culture, empowering young athletes to become responsible ambassadors of fair play and sportsmanship.

Approximately **360 student-athletes from 17 countries** and regions actively participated in the programme, learning and growing together through discussions on the core values of sport.

# CULTURAL ACTIVITIES

## Cultural day

During the delegation's trip to visit the Qinling Museum for a unique cultural journey. The museum's design, inspired by the ancient "山水牙璋" (Mountain-Water Jade Zhang) concept, features a flowing silhouette from Xia Dynasty jade and an axis inspired by Shang Dynasty tile patterns. Athletes were captivated by the rich displays, with one expressing, "This is such a cool experience—immersing in China's culture and history and learning so much."

Cultural exchange activities were held at six local schools with sports programs, which included friendly volleyball matches, skill demonstrations, and interactive cultural booths featuring local intangible heritage like clay figurines and paper-cutting. Hands-on experiences in calligraphy, paper-cutting, and Guzheng music allowed participants to engage directly with traditional Chinese culture.

# CULTURAL ACTIVITIES
